OPEN TO WEB DEVELOPMENT INTERNSHIPS / FRONTEND INTERNSHIPS
JUNIOR WEB DEVELOPER ROLES

Daniel Abramek

Applied Computer Science Student

Web Development Intern / Junior Full Stack Developer

STRONGEST HANDS-ON

HTML5, CSS3, semantic markup, responsive, Layouts, Flexbox, CSS Grid

LEARNING NOW

React / React.js, TypeScript, Python

USED IN PROJECTS

EJS, JavaScript, Node.js, Express, REST, PostgreSQL, API, Git/GitHub, Railway

LANGUAGES

Polish: Native | English: B2 / Professional working proficiency | Russian: Elementary

01

PROFILE

Applied Computer Science student focused on web development. My strongest practical skills are HTML and CSS: semantic structure, responsive layouts, Flexbox/Grid, typography and adapting interfaces across screen sizes. In real projects I also work with EJS, JavaScript, Node.js/Express, PostgreSQL, Git/GitHub and Railway. I use documentation when I need to go deeper and verify what I build.

CURRENT DIRECTION

I learn best through real projects, debugging and understanding why things work. I am currently moving deeper into React, TypeScript and modern full stack development while keeping the fundamentals solid.

02

SELECTED PROJECTS

LeMoonz - Live Portfolio and Commissions Website

LIVE CLIENT PROJECT / HTML / CSS / EJS / JAVASCRIPT / NODE.JS / EXPRESS / RAILWAY

Building a live portfolio and commissions website for an independent artist. I handle responsive layout, interface structure, EJS server-side rendering and Express routing, Express routing, Git/GitHub workflow and deployment. The current production version uses this stack while I begin rebuilding parts of it as a practical way to learn React and TypeScript.

Padok FCI - Live Website

CLIENT WEBSITE / HTML / CSS / JAVASCRIPT / CMS

Develop and maintain padok.type.pl: responsive improvements, layout fixes, content updates, troubleshooting and changes agreed directly with the client. Practical maintenance of a live website with real requirements.

VEK 0.2 - Discord Bot / RPG Backend

PERSONAL + UNIVERSITY PROJECT / NODE.JS / DISCORD.JS / POSTGRESQL / OPENAI API / RAILWAY

Primary author of a backend-focused project with slash commands, economy and a text RPG campaign module. Worked with PostgreSQL, API integration, context/history handling, JSON validation and reaction-based player voting.

03

PROFESSIONAL EXPERIENCE

IT Intern - DevOps and AI

07/2026 - 08/2026

MAWAX Waldemar Bałdowski / Remote / 120 hours

Git, Docker, Podman, GitHub Actions, basic CI/CD workflows, Kubernetes basics, Linux, FastAPI, REST APIs, Ollama & vLLM.

IT Intern

09/2022

WMPnet / Toruń / On-site

Computer diagnostics, operating system and driver installation, workstation setup, troubleshooting and basic user support.

04

EDUCATION

Bydgoszcz University of Science and Technology

Applied Computer Science, BEng studies in progress

2024 - 2027 expected

TEB Edukacja Technical School, Torun

IT Technician - INF.02 and INF.03 qualifications

2019 - 2024

05

HOW I WORK

- Real projects over tutorial clones.
- Problem solving through debugging and troubleshooting before guessing.
- Attention to detail in responsive layouts and interface consistency.
- Documentation when I need to go deeper.
- Git-based workflow and iterative improvement.
- Clear communication when discussing requirements and changes.
- Motivated to keep learning through practical projects.
- AI as a tool when I understand the problem well enough to verify the result.

WHAT I BRING

Real client-facing web work, strong problem-solving and troubleshooting habits, attention to detail and an IT Technician background. I am comfortable communicating requirements with clients, asking questions when something is unclear and improving solutions iteratively instead of pretending the first version is perfect.

06

CERTIFICATIONS & QUALIFICATIONS

IT Technician, INF.02 & INF.03

TEB Edukacja Toruń

2024

Formal vocational qualification covering computer systems, hardware diagnostics, local networks, websites and databases. INF.03 included HTML, CSS, JavaScript basics, SQL/MySQL, website publishing and maintenance.

Arduino Programming Certificate

TEB Edukacja Toruń / 60 hours

2023

Arduino IDE, C/C++ fundamentals, sensors, LEDs, motors and basic electronics prototyping.

C++ Programming Certificate

TEB Edukacja Toruń / 30 hours

2022

Programming fundamentals, control flow, functions, simple console applications and introduction to object-oriented programming.
